

STORM ELITE ALL STARS

2019-2020 Half-Season Prep All-Star Program

Welcome to Storm Elite All Stars!

Storm Elite All Stars has been in existence since 2005 and has grown from a single team in a school cafeteria to a full-service all-star cheer, dance and tumbling facility that offers something for every athlete at every skill level.

OUR MISSION

Our mission is an obvious one: to help our athletes discover and work to achieve their personal goals and have FUN doing it! Our program strives to promote sportsmanship, leadership, integrity, self-confidence, teamwork, discipline and commitment. We work to teach each athlete to “trust in the process” and know that even though you want to work on your back tuck, it is just as important to learn your back walkover and perfect it before moving on to the next skill. Proper progression is the backbone of our coaching philosophy, with every coach making sure that athletes are not skipping skills or “just throwing it” so they can get to the next skill faster. We have found in the end, we will have to go back and fix the technique.

WHO ARE WE?

Storm is a 100% women-owned business, co-owned by Branka Dudas and Christa Lang. Together these two amazing coaches have brought over 50 years of experience they share with the athletes in this program. Along with the strong coaching staff that make up the instruction of Storm, there is almost 100 years of experience at levels from athletes, coaches, and judges in junior high, high school, and collegiate levels. With the variety of skill focus and expertise available through the coaching staff, the athletes that choose to be a part of the Storm program gain some of the best coaching in the world of all-star. The lessons that are taught in Storm are ones that go well beyond cheer and hip-hop and go into life.

We thank you for your interest in our program! It's a privilege to have the opportunity to share in your child's life!

The All-Star World

“All-Star” is a type of competitive youth sport, like “club”, “Pop Warner”, “Little League”, and other types of youth competitive sports. As with all youth competitive sports, all-star can be a hefty commitment in time and money. We do what we can to keep both the cost and amount of time to a minimum, but because of the nature of what we do, we must make choices that keep our program competitive with those we compete against.

This sport is governed by the United States All Star Federation – or the USASF. This organization serves as the governing body by establishing the rules, guidelines and provides oversight to the sports in all-star. We are proud to state that all our staff are Professional Members of the USASF and have passed a national background check to receive this status.

In our Prep program, athletes range in age from 9 to 17 years of age. For the divisions of junior and senior, athletes must be ages 9 to 17. They way they determine the “competition age” of an athlete is they take the age of the athlete as of August 31st of the start of the competition season. If they are 10 years old on August 31st, that is the age they will compete at for the entire season, even if they turn 11 years old on September 2nd.

ATHLETE MEMBERSHIP

Like the coaches that work in our gym, all the athletes MUST be USASF Athlete Members. This is easily done by visiting www.usasf.net and set up an account (if new to all-star) or renew the Athlete Membership (if returning to all-star). You can explore the website and find the benefits of Athlete Membership for the **\$30 annual fee**, such as scholarship opportunities, awards, and a bit of insurance to help cover them.

Since this is MANDATORY for all athletes to participate in competition, we require all athletes are a signed up and paid member of the USASF by **November 1st**. If this is not completed, families will be reminded to have it done by **November 5th**. If upon this second check the membership is not done and paid, the gym will create the account for the athlete and invoice the account for **\$75** per athlete done.

There will be a step-by-step packet on how to register your athlete with USASF at the gym about July or August to assist you. If you would like someone to go through it with you, contact the Business Manager to make and appointment. For an additional **\$15 (plus the \$30 registration fee)**, the Business Manager will walk you through how to set up your USASF account, what is accessible with the membership, and various pieces of information available to parents and athletes through the USASF.

Our Program

Here at Storm we try to accommodate everyone that wishes to give all-star a try! From ages 4 and up, recreational or competitive, half- or full-season, cheer or hip-hop, there is something here for everyone! This packet is specifically covering our Half-Season Prep All-Star Program.

HALF-SEASON PREP TEAM(S)

For those athletes with some cheer experience or that want a bit more than recreational all-star programming offers but is not at an “elite full-season” commitment level, we have our Half-Season Prep Team(s). This division of all-star cheer allows for all the “elite” cheer experience without the full “elite” commitment or price-point. Athletes from ages 9 through 17 can participate in this division with one practice for 2 hours per week (additional practices may be called as needed), participating in about 4 events during the season in and around the state of Wisconsin. Our Half-Season Prep teams typically start practicing around October 1st and go through April 30th. They have a uniform that differs from our elite full-season teams and don’t spend as much time in the gym or on the road, but they get the same quality of coaching and level of competition.

Athlete Evaluation and Team Formation

At Storm, every athlete is assessed in various ways, lead by our Gym Director, Christa Lang, along with the input from the coaching staff that will be coaching the various teams for that season. With our Half-Season Prep program, we encourage any athlete wishing to have an evaluation done on their skill level to participate in our Athlete Evaluations done at the beginning of each May, but this is not mandatory in any way for placement within our half-season program.

There is no such thing as “a useless position” on an all-star team. Every position on the floor and every athlete contributes to the points of the routine and can gain the team points or they can lose the team points by not giving it their best. The coaches consider the needs of the team and put the athletes on that team.

GYM CONDUCT

With any gathering of people there are bound to be challenges and issues that arise. An all-star program is no different. While we understand that the issues are going to happen and it is up to the individuals to work them out, we do have a few things we ask of our program members to keep in mind as the season moves on.

Sportsmanship

Sportsmanship is one of the foundations of our program. We model it to our athletes, and we expect anyone that is associated with our program – from coaches to athletes to families – to behave in a courteous and considerate manner to all teams and athletes in the gym as well as at competitions. Others will judge the quality of the program on the conduct of those within it, and we never wish for anyone to see any individual that is a part of this program as a person of poor character or lesser quality because of poorly chosen actions or words. We always congratulate other teams when they perform well; even if they are fortunate enough to finish ahead of us. If we are fortunate enough to win, we are respectful and allow other teams to receive their awards and “moment in the sun” until they announce our position. We never disrespect the competition, even if we don’t agree with how our teams were scored or how the program did. Scoring and judging, as many rules and mandates on routine skills they have, are still subjective. One judge might give us a different score than another, and we might get a different score at a different event. No matter what we appreciate the opportunity to take part and we respect the process. The coaches are the only ones that discuss anything with judges.

Social Media

Social media is a huge part of our lives! We communicate with it, we use it for information, sharing photos with relatives that live far away, or sharing exciting news with all of our friends... or just being silly. Today we all use social media in one way or another.

The Storm program uses Facebook for communication. We have the main Storm Elite All Stars page and the Booster Club page, and we have pages for each of the teams and programs that are in the gym. This allows us all to be able to get in touch with the group that we need to and share the information as needed. Of course, as we are all in the program, connections and friendships develop. At times, even some of the athletes end up “friending” parents of their friends, or a team mom.

There are also temptations for individuals to “vent” or share things that might not be appropriate for sharing where the program is involved. While we are not in the market for telling people what to say or share on their own timeline, we are asking that you keep in mind that people will associate each of you with our program and your posting will be reflected on our program. We also ask that families take time to keep eyes out for things being posted by athletes. Not just on Facebook, but Instagram, Snapchat, Twitter. Our

athletes are young and should be posting as such. Photos that might not be appropriate, or topics of conversation. If you see something, don't confront anyone. Take a screen shot and just send it to the owners. They will address it in a manner they feel best to. With so many in the gym, it is easier to keep eyes out with more of them. Thank you for your help and consideration to this matter.

PRACTICES

If you choose to participate in the prep program with Storm, there is a certain expectation on commitment to the program. Practices are the most important part of the program. No matter what age the athlete or what skill level they are at, the first thing the athlete will learn is that no one misses practice (and that "one more time" means five more times... maybe). Every practice is important and therefore mandatory to attend. For this reason, we **strongly encourage** families to schedule vacations around the competition season (**November 1 through April 30**). We make every effort to get the competition schedule out as soon as possible so that plans can be made accordingly.

Missing Practice

For those times where there is a conflict, there are "Vacation Notice" forms at the gym for families to fill out and get to the HEAD COACH as soon as possible so planning can be made. These forms will get completed when there is a school event that the athlete must attend for a grade, or a sudden trip that will cause them to miss a practice. No matter what, if you know ahead of time about missing practice, get the form filled out and submitted to the coach. While we try to be understanding, the only time that we are firm on this policy 100% is if it is the week prior to a competition OR it is during choreography. Both are planned plenty ahead of time and is in this packet for you to plan around. If you find that there is any conflict, contact Branka Dudas immediately.

We rely upon doctor's input regarding athlete's fitness for participation when there are questions about illness or injury. For this reason, if there is EVER a note provided by a doctor stating an athlete is unable to participate due to illness, a note **MUST** be submitted to the gym and **MUST** include the date of return/release. If an injury occurs, the athlete **MUST** receive a doctor's note stating restrictions for activity. Athletes are still expected to be at practice/attend competitions during this time. Athletes will only be placed back into full participation with a written full release from the treating doctor. We require this for the safety of all athletes as well as protection for our coaches and program.

Below is our guide for Excused vs. Unexcused Absences. This chart will help everyone understand what our program looks at regarding excused and unexcused missing practices. Any questions can be directed to Branka Dudas.

Excused vs. Unexcused Absences

Examples of EXCUSED Absences	Examples of UNEXCUSED Absences
Graded/Mandatory School Events (these are scheduled well in advance – submit to head coach ASAP)	Family “celebrations” (anniversaries, birthdays, gatherings, etc.,)
Contagious Illness – best indicator is fever of 100 degrees or higher, vomiting; doctor’s order.	“Not feeling well” is NOT excused; nor is a “cold” or “headache”. Non-contagious illness will still require athlete to be at practice to watch
Family Funeral (close relative/individual known to athlete)	Funeral of someone not known to athlete
Summer Vacations with more than 2 weeks advanced notice to coach	Homework, studying, after school job, vacation during school year No ride, car trouble (arrange a ride with someone)
<i>**Any and ALL absences MUST be communicated to team HEAD COACH (phone call first) as soon as possible! NO notification and then NOT SHOWING UP for practice WILL be dealt with on an individual basis. Communication MUST come directly FROM athlete/parent/guardian; not through another athlete/parent/guardian.</i>	
ALL TEAMS: No one misses practice the week of a competition! This is NOT optional!!	

This chart, of course, is not all-inclusive, and will find times that there must be exceptions taken. This is given as a guide. If you have any questions, feel free to contact your team’s head coach or Branka Dudas.

Parents

We love our parents just as much – if not more – than their kids do!! Our Storm parents are the best a program could ask for! We love receiving feedback from them and working with them to help with any challenges that might come up.

There are times that parents become a bit “overzealous” and start trying to “help” coach their athletes. There are many reasons that we DISCOURAGE this from happening. Aside from the obvious (confusing the athlete), we find that athletes are easily burned out on sports when they aren’t given time to just be kids. Many of these kids are in the gym three to five days a week, and throw in competitions, extra practices, and other events, ... They are putting in a lot of time. Many love it, and that is wonderful! But if they are at practice listening to their coach giving them directions and making them do drills, and then they get into the car to go home and mom begins giving them skills to work on and drills... Soon they lose the time to be a kid and are hating the sport of cheer. We love it when parents want to take an interest in their athlete’s progression and skills, but please let the kids be kids at home and let them be athletes with us. If you have any questions on how you can help support your athlete on their growth and development, speak with their head coach for directives.

Weather

PRACTICE CANCELLATIONS

Since the heart of our season runs from November through March each year, we always encounter the pleasures that Wisconsin has to offer regarding wintery conditions. Since we are in Wisconsin, we do NOT view weather as an excuse to miss practice. The owners will make the determination if the weather is severe enough to cancel practice or not. We understand that there are some that drive distances to attend our program, but we must examine what is the best for the program as a whole regarding cancellations. The owners take many factors into consideration when evaluating whether or not to cancel events. Of course, the safety of our athletes, families, and coaches is at the top of our priority list, which is why it is hard to cancel practices. Practices further develop muscle memory and technique to keep our athletes from getting injured or making a bad move that could cause injury to another. Repetition is the best way to protect athletes from injury on the mat, and practice is where they receive the best repetition.

If practices are cancelled for a day, the owners will post it to the Facebook pages. Team parents are encouraged to provide information to the families on the team in event they may not have access to Facebook while they are working. If you are unsure, always contact your team parent first to verify.

COMPETITION CANCELLATIONS

Try as we might, the program has no control over any event producer choosing to cancel an event. There are many reasons this could happen – lack of teams registered to participate, weather, loss of venue, finding available judges, etc. – and we are not always made aware of the reason for this choice. As soon as we receive word of any action of an event producer cancelling a competition, we will pass it on to all those teams affected and work to offer a comparable competition in place of the cancelled one. This is not always possible (depending upon the date of the original event as well as the alternatives to offer as replacements), but due to the way we pay for competitions (to get the best pricing), we are not able to refund those competition fees.

COACHES RESERVE THE RIGHT TO CHOOSE TO PULL ANY TEAM FROM ANY SCHEDULED COMPETITION. While we make every effort to add another competition, this is not always possible, thus may result in a shortened season.

Competitions

If the team your athlete was placed on has a competition scheduled, attendance is NOT optional. We expect every athlete at the designated meet location at the time specified. While we have the date of the event, exact performance times are changed until a few days prior to the actual event. The organization has no control over what time the teams are scheduled to compete. As soon as we have a set schedule for competitions, we will alert each family to let them know the meet time, the warm-up time, the competition time, and the expectation of supporting other teams from the program competing. From there, your team parent will be the primary contact for this day.

AT THE SPECIFIED MEET TIME, athletes **are expected** to be with the team parent and fully ready. This means the athlete is out of their coat, warm-ups, has their shoes on, in full uniform, with their hair and make-up fully done. If there are issues holding you as a parent up, do everything possible to get your athlete with someone to get them to the meeting place **ON TIME**. If there is an issue with doing the hair/make-up as assigned for competition, reach out to other families or older athletes for assistance **PRIOR** to the meet time at the venue. On competition days, **PLANNING IS A PRIORITY!** **Your first contact on competition days should ALWAYS BE YOUR TEAM PARENT!** Coaches are required to focus on registering teams, attending event meetings, planning and so on. **They are considered UNREACHABLE.** Team parents will reach out to them if the need arises.

At competitions everyone with the program moves to the VIP section to cheer on the other teams from the Storm program whether your athlete is on that team or not. The noise level does affect scores and does give a boost to the athletes performing. Information that goes out with meet times for competition days also states which team(s) the team is expected to support. They may perform before or after the particular team, so families are expected to plan accordingly. Our program focus is **FAMILY**, and we encourage this by supporting other teams in the gym whenever possible. If there is ever an issue or conflict with this, please contact Branka Dudas **PRIOR** to competition day.

Gym

At our gym we have access to two spring floors, an administrative office/pro-shop, a waiting room, and a coat/cubby room. It is up to everyone to be respectful and keep these common areas clean and neat.

We are aware that athletes arrive and leave at different times during the afternoon. Some athletes are getting rides from others and may have to wait prior to their practice or wait for the others to end their practice. **EVERYONE IS EXPECTED TO KEEP THE NOISE AND DISTRACTIONS TO A MINIMUM DURING ALL TIMES PRACTICES ARE RUNNING.** Anyone waiting **MUST** wait in the Viewing Room until it is their time to practice.

A few other things needing mentioning:

- Our parking lot is shared with 4 other businesses. **STORM** parking is designated with **YELLOW signs and tape** along posts against the building. If space is filled, you **MUST** park on the street. The other businesses have signing that they will tow vehicles at vehicle owner's expense.
- **NO** parents, friends or siblings are allowed out of the viewing room during practices! This is a liability insurance restriction. This is **STRICTLY** enforced.
- **NO ONE** is allowed on the practice floors or equipment unless under the direct supervision of a coach! This includes all athletes waiting for the start of practice!
- If it is **NOT** the athlete's practice time, they are to quietly wait in the Viewing Room until it is time for them to take the floor.
- No food or drink is allowed in the practice areas. Water bottles and water is fine.
- **NO JEWELRY** can be worn at any time during practices!
- **NO GUM** chewing during practice!
- **NO FOOD OR DRINK (INCLUDING WATER) IS ALLOWED ON ANY SPRING FLOOR!**
- Athlete cell phones **MUST** be shut off and put away during practices!

If there is ever a time that a parent wishes to speak to a coach or owner, please schedule a time. Trying to catch before/after practice never works well as that time is filled with other chaos. This not only offers an amount of time to converse, but it offers confidentiality and keeps matters private.

Financial Obligations/Expenses

Our program is priced competitively, and we make every effort to keep our program at competitive price points without sacrificing program competitiveness. If the prices of our Half-Season Prep Cheer program are a bit steep for your family, there are recreational programs that can be a viable option. We take great pride in stating that Storm Elite All Stars is the most family-friendly program in the area, but we are still a business and have our expenses that we must cover in a timely manner.

We offer discounts for families with multiple athletes in our program, families that can pay in full at the beginning of the season. We also offer varying payment options for families that will work best for them, whether it be monthly, bi-monthly, or divided up into three or two payments. If you have any questions about financing and payment, please contact the Business Manager to set up an appointment where this can be privately discussed.

Just like any other activity or sport, there are other expenses not covered by the tuition pricing. The following are a few of the estimated costs to families:

*** All competitions are tentative! There are possibilities for additional events based on team performances and bids that may be offered during the season. Coaches will decide if it is possible and then offer it out to the families of the teams for a final verdict. These additions do come at an additional cost per athlete.

2019 – 2020 Half-Season Prep All-Star Cheer Pricing

All prices are an all-inclusive pricing for athletes – this is not what it costs per month, but the entire cost for the season. If athletes register and start payment plans in October, they will receive a full 6-months to pay off the tuition. If payment plans are started later, that is fewer months to pay, thus payments being of a higher price per month. Any questions feel free to bring them to the Business Manager in the Administrative Office.
